

2010 SWAT Demonstrator Application

Dear Woodturner,

Thank you for your interest in demonstrating at the 2010 Southwest Association of Woodturners symposium in Waco, Texas. The event will take place at the Waco Convention Center on Friday, Saturday, and Sunday, August 27, 28 & 29 2010.

Demonstrators are the "life blood" of a symposium. The facility, the food, the vendors, and the camaraderie are all part of what makes it happen, but without good demonstrators our symposiums will not thrive. We are fortunate here in Texas and the surrounding states to have a lot of talent. If you know another turner, that has good demonstration skills, encourage them to send in an application and participate. We can only get to be better turners if we are willing to share.

This application will be returned to the symposium demonstrator committee for consideration. Please be specific in describing your demo. Your completed application will allow the committee to fully understand what you will be demonstrating.

Requirements:

- Demonstrators will be required to do a minimum of two (2) rotations.
- Demonstrators are required to furnish their own tools, wood and other materials.
- A "handout" is required. (Handouts usually give a written and/or pictorial description and procedure of what you are presenting. It is also an excellent place to list resources and suppliers.) The handout must be received no later than July 15, 2010.
- Must be a member of American Association of Woodturners (AAW).

Compensation: Demonstrators will receive free registration to the symposium and \$150.00 for each rotation. Banquet is not included.

Please print

Name: _____ Phone No. (____) _____

Mailing Address: _____

Email Address: _____ Number of years turning experience: _____

AAW Member: ___ Yes, ___ No. If yes, AAW membership Number _____

What is the Name of your Demo: _____.

Description of your Demo: (Use back if necessary) **(Please enclose a picture of finished turning.)**
